1) In para 3) of the G.O. No. Ss. 4341-43/A 114-43-12 dated the 31st December 1943, the Director of civil Supplies was requested to complete the investigation relating to the Question of allowing rations to servants and other "non-relatives" on the family ration Cards in Bangalore city, before the end of February 1944 and submit a report for the information of Government. This has not been done yet. The name states that the investigation work referred to in the said G.O. has not been completed and that in order to do so and also to attend to the work of introducing rationing in the other urban and rural areas in the State, the following, among the existing staff, may be Continued till the end of June 1944:

Executive staff:—

To

Secretary to the Government
of H.H.the Maharaja of Mysore,
Development Department (Supplies),
Bangalore.

Sir,

I have the honour to state that owing to the continuous expansion of the Civil Supplies Department and to the recent inauguration of several new Schemes, the work of the Office of the Director has increased materially during the recent months. There were till recently two Assistants to the Director of Civil Supplies, till the Secretariat Section was differentiated (and recently transfered), when one of the Assistants became exclusively the Assistant Secretary to Government. Since then, the entire work of the Director's Office has devolved on a single Assistant. The enormous amount of mere scriptory and routine work absorbs most of his time, with the result that it has become increasingly difficult for him to devote adequate attention to important and urgent issues that come up constantly and which require intelligent and careful study and working up before submission to Government. The sanction of another Assistant to me would relieve the Senior Assistant of much of the routine work and enable him to devote particular attention to urgent and important subjects. I therefore request you to be so good as to kindly obtain early sanction of Government, for the posting of a second Assistant to me and suggest in this connection that Mr. B. Suryanarayana Rao, Sub Division Officer, Sagar, may be kindly posted to this Charge.

I particularly request you to kindly obtain early sanction of Government in the matter.

I have the honour to be,
Sir,
Your most obedient servant,

S. Narayana Rao

Director of Civil Supplies.

Sir,

Ration Census Staff - Bangalore City - Continuance of a portion of -

I have the honour to forward herewith a copy of report No.RC.380/43 dated 28th February 1944, from the Chief Ration Census Officer, Bangalore City, requesting for reasons explained, for the continuance till the end of June 1944, of a portion of the staff sanctioned in Government Order No.SD/4341-43/114-13-2 dated 31st December 1943 and to state as follows:-

2. Apart from the work remaining to be done relating to non-relatives in Bangalore City, Mr.A.N.Anantharamiah has since been entrusted with the work of the introduction of rationing into other urban and rural areas also and he is now working as my Assistant in the Rationing Branch of my office. The hands trained in census work would be very useful in the work of introducing rationing into other parts of the State, Rural and urban.

3. In the circumstances detailed in his report, I agree with him and recommend that the staff sanctioned in Government Order dated 31-12-1943, may be reduced by 5 Census Inspectors with their peons and the rest of

5 Census Inspectors on Rs.60/- each
10 Peons on Rs.10/- each per mensem
(2 peons for each Inspector.)

Office Establishment:-

One Clerk	.60/-	per mensem.
One Typist.	.40/-	"
One Daffedar.	.12/-	"
Three Peons.	.10/-	"

(Plus the usual Dearness Allowance.)

A lumpsum grant of Rs.150/- (Rupees One Hundred & Fifty only), for contingencies, etc.)

the staff, as noted in the margin, continued till the end of June '4[illegible] to enable the Officer to complete the remaining work and take up the additional work since entrusted to him.

4. I am arranging for absorbing the trained thrown out hands in existing vacancies.

5. Early orders are solicited sanctioning the proposal.

I have the honour to be,
Sir,
Your most obedient servant,

Letter No.RC.380/43 dated 28th February 1944, from the Chief Ration Census Officer, Bangalore City, to the Director of Civil Supplies in Mysore, Bangalore.

I have the honour to state that the term of the special establishment of this office, expires on 29th February 1944, as per Government Order No. 4341-43/A.114-43-12 dated, Bangalore, 31st December 1943, a copy of the same is enclosed.

The special work for which the establishment was kept on, was mainly confined to the investigation of the non-relatives attached to families in Bangalore City, after necessary enquiry. So far, this question of investigation has involved 3,633 families and 5,802 individuals. Of these, 400 notices are yet to be issued. Out of 5,802 individuals, 3,285 persons have been reduced owing to their absence from their families, or owing to their having left the families concerned. 2,069 persons have been retained after enquiry. 48 persons have been increased in cards after verification. The work is not yet complete. One Census Inspector of the IV Division had to be sent back to the Secretariat owing to his ill-health and another Census Inspector of the Ist Division had to be given practically leave for one month, owing to plague attacks in his family. In about 1,785 cases involving 2,550 individuals, the genetlmen concerned have not yet replied to the notices even though the time limit has expired. Action has however to be pursued in such cases. The question as to the actual form in which the servants coupons have to be issued, is under consideration. For these reasons, the work remains to be pursued and to be consolidated and is therefore not yet complete.

3. At the same time, I have been asked to take up Rationing on other Rural and Urban areas and Census Officers have already been appointed. It will not be possible for me to visit every Taluk headquarters. It would therefore be very fuseful if my trained staff could be made available with me to be sent out to the smaller towns to help the local Census Officers to understand the method of conducting the Census Work.

4. As regards rural rationing, I would like to place a couple of these inspectors on special duty in some selected villages round about Bangalore City and work a system of rural Ration Census and Rationing for about a month or two, before we finally decided upon the nature of information to be collected and procedure to be adopted for the introduction of rural Rationing.

5. In these circumstances, I propose that five of the Census Inspectors with their peons may be disbanded with effect from 1-3-1944 by absorption elsewhere and the rest of the establishment may kindly be continued till 30th June 1944, by which time I expect not only to complete and consolidate the work regarding the non-relatives attached to families in Bangalore City but also to standardise and introduce Ration Census and Rationing in other parts of the State and the staff that I now propose to retain, will be the barest minimum for this work which is to be undertaken throughout the State and that too within a limited period.
